ACCESSORIES

SDSMOUNT: Slide Brackets

eXterrain Slide Brackets - SDSMOUNT can be fitted on the bottom of eXterrain RAVEN Slim Dual LED Bar Lights. These brackets can slide to nearly any position along the light, allowing it to be mounted to a flat surface, spot light mounts or eXterrain's reverse HITCHMOUNT.

The SDSMOUNT uses the M8 bolt—30mm height from the base to bottom of bar light.

SSSMOUNT: Slide Brackets

eXterrain Slide Brackets - SSS MOUNT are fitted by sliding across the top of eXterrain RAVEN S slim single row LED bar lights. These brackets can slide to nearly any position along the light, allowing it to be mounted to a flat surface.
